

## APRIL RECORD IN HOMESTEADS 50 PER CENT OVER ALL OTHERS

Up Till Last Evening 800 Entries Had  
Been Made—Total Will Come  
Near 1000 for Month

### EVERY ENTRY MEANS NEW SLETTOR FOR DISTRICT

Govt. Has Given Away Nearly 160,000  
Acres in April—Excursions From  
East Next Month Will Bring Hun-  
dreds More

Exceeding by fifty per cent all records ever made in the local land office, since the day in September, 1908, that the old numbered section were thrown open for settlement, the homestead entries for the month of April total to date over 800, with three days more to go.

The total before Saturday evening will have reached very close to 1000. Today's mail from the sub-agencies brought a large number of entries, though not so many as were expected. The sub-agencies of Athabasca, Medicine Hat and Edmonton have been doing a rushing business, and have located a goodly number of homesteaders.

The total of 800 is greater than the total of any other month, since that long-remembered September in 1908, when the Dominion government, deciding that they would grant no more land to railways, threw open for settlement the old numbered sections in the west.

## HIGH LEVEL PIERS NEAR COMPLETION

One River Pier Now 70 Feet High  
—Huff Grading Co. to Work  
Double Shifts.

With one of the four river piers of the C. P. R. high level bridge, completed to a height of 70 feet, and the other three reaching their height at 4 rapid pace, the contractors for the sub-structure of the big bridge are making all possible speed on the work.

John Gunn and Sons, the contractors, have succeeded in nearly completing one of the river piers, all four of which are to be near 80 to 100 feet above water level. Ten more feet on this pier and it will be completed. The others will be completed early in the summer. Rapid progress is also being made on the land medium.

The Huff Trading Co., who have a contract for the supply of gravel to the bridge contractors, will shortly get on night as well as day shifts to turn out the gravel for the bridge.

The Huff will start supplying gravel to the bridge contractors in a few weeks, and expect to turn out about 500 yards of material a week, and will be working. The Huff people have a large dredge now working in the river in front of the Strathcona power house.

Mrs. Geo. A. Reid, Fourth street, will receive on Saturday of this week instead of Friday as usual and not again this season.

## WARDEN MACAULAY MAKES A SENSATIONAL ADDRESS

SPEAKS BEFORE THE IRISH ASSOCIATION ON THE  
SUBJECT "OLD TIMES AND OLD TIMES  
IN EDMONTON."

It is safe to say that if any inkling had been given to the general public of the nature of Warden Macaulay's address last evening before the Irish Association, that Macaulay's hall would have been large enough for an overflow meeting.

Owing to the fact that many of the old timers about whom Mr. Macaulay had collected humorous incidents or on whom he had good stories, were not present, almost the entire time of the address was taken up with a graphic history of the various residences of the Edmonton old timers to authority and to police. Matt Macaulay in those days was captain of the vigilantes, and as such had the subject at his fingertips. He had in addition documents with him to prove that he was not drawing the long bow.

The first portion of his hour and a half talk was dealing with the method pursued to get rid of claim or lot jumpers, and as he told of the various

## EPIDEMIC SCARLET FEVER SPREADS AT SURPRISING RATE

Germs May Be Communicated On  
Street Cars and Health Officer Ad-  
vises That All Cars Must be Dis-  
infected

The exact cause of the scarlet fever epidemic which is sweeping the city at present, has not yet been located by the officials of the health department as yet but there is good reason to believe that the germs are being spread by means of the street cars. Some time ago the medical health officer advised the department to install a vacuum cleaning apparatus for use on the cars. This question was taken up with the city commissioners and was either laid on the table or referred to some other body, in any event the vacuum cleaner has not been purchased.

route and all use city water, hence the cause cannot be ascribed to those sources. The provincial health officer

and Dr. Whitlaw are both of the opinion that the disease may have been spread by patients riding on the street cars infected persons with whom they came in contact.

The mere fact that scarlet fever patients have been removed to the isolation hospital in the city, some five in all, have not come from the districts given rise to the opinion that the disease is being carried. The patients are not on the same milk

## PETITIONS PROTESTING AGAINST NEGRO IMMIGRATION ARE NUMEROUSLY SIGNED

Ninety per cent of the citizens who have been asked to sign the petitions against negro immigration, have complied without hesitation, according to Secretary Fisher of the Board of Trade. Twenty-five petitions have been circulated in Edmonton, a number of them at hotels and public offices, while the remainder are being handled by canvassers who hope to cover the whole ground within the next two or three days.

More than one-half of the city will have been covered today by citizens who are circulating the petitions. Scarcely any refusals have been met with, and the canvassers have made it a rule not to argue with any person who seems unwilling to sign. Almost every person who has been asked, has shown themselves eager to support the public bodies which are seeking to exclude colored settlers.

The local colony of colored people is up in arms against the movement. A number of them yesterday followed the canvassers from place to place, in an effort to dissuade people from signing the petition. Whenever a request for a signature was made, a colored man was ready to intervene, and apparently little effect, although it is stated that a number of stockholders in the end who are more or less dependent upon the trade of the colored settlers, declined to attach their signatures.

Secretary Fisher expressed surprise that the colored citizens of Edmonton

## BODY OF UNKNOWN MAN DISCOVERED

Authorities So Far Unable to  
Solve Mysterious Death  
of Stranger.

Mystery enshrouds the circumstances of the death of an unknown man whose body, in an advanced stage of decomposition, was discovered on the prairie six miles from Mundare yesterday afternoon. The discovery was made by a Canadian settler of the district, and reported to Const. Schryver of the R. N. W. M. P.

While the information received by the mounted police is of the most general character, so far as can be learned, there were no marks of violence on the body and no theory as to the cause of death has yet been advanced.

Dr. Field, of Vegreville, was approached with a view to his holding a post-mortem on the body, but he declined to do so, as he is the only coroner in the Vegreville district, he did not wish to act. This morning Dr. Archer of Lamont arranged to conduct the inquest.

## MEAL TICKET IS IN GOOD REPAIR

Riley Lingers Too Long With  
Mounted Police and Is  
Arrested.

Released from the guard room at Fort Saskatchewan a short time ago, Oliver Riley, professional hobo, however found the local detachment of the mounted police yesterday afternoon. He enjoyed a sun bath upon the mounted police lawn, smoking his pipe philosophically as he remained upon the sunny days he had spent at the Fort as the guest of the boys in scarlet. As he surveyed the geometrical lines of the tennis court, his back turned to the detachment, a constable caught sight of the philosophical one, and recognized him as an old acquaintance.

The policeman concluded that like the other Oliver of Dickinson fame, the hobo had come to "ask for his share." Riley was accordingly halted before the mounted police, charged with vagrancy, and given a free meal ticket, good at the canteen room at Fort Saskatchewan for the next couple of weeks. The meal ticket also entitled the weary wanderer to a job in the mounted police garden, where, under the surveillance of a mounted policeman, he will be given an opportunity to earn his bread by the sweat of his brow.

## NO RACE SUICIDE IN EVIDENCE AMONG THE IMMIGRANTS ARRIVING

Race suicidal tendencies are strikingly lacking in the settlers who have arrived at the immigration hall during the past few weeks. In their professions the families of the incoming farmers are in many instances the gesture of patriarchal times. An American-Norwegian family of nine residents yesterday morning, and left for the city on this morning's train for Regina, where they will proceed by the Great Canadian. A German family of seven also registered yesterday.

## UTILITIES COMMISSIONER NOW FAVORS PURCHASE OF HIGH PRESSURE TURBINE

Has Always Advocated Installation of  
Entirely Different Type of  
Power Machinery

### COMMISSIONERS ARE HELD RESPONSIBLE FOR DELAY

Knew On March Second That Mixed  
Pressure Plant Could Not Be De-  
livered Before Middle of December  
But Declared They Would Pur-  
chase No Other Type

There is a possibility that at the adjourned meeting of the council this evening the commissioners will recommend that the city purchase a 2000-kilowatt high pressure turbine for the power plant. That was the opinion which Commissioners Bouchart and Bouillon held this morning.

Ever since Commissioner Bouillon first looked into the power problem in this city he has advocated a mixed pressure turbine, and went so far as to call for tenders for that type of machine. Last week to members of the press he elaborated on the efficiency of the mixed pressure plant as compared with a high pressure, and went

so far as to state that the Parsons report was of absolutely no value and the adherents would be compelled to pay for it individually, if the commissioners had anything to do with it.

At the council meeting on Tuesday evening the chief point of contention between the commissioner and the expert employed by the council, Mr. Parsons, was, whether the city council should install two units of 1000 k. w. each, of the mixed pressure type or one 2000 k. w. high pressure turbine. Engineer Parsons held out for the latter and it was owing to their

so far as to state that the Parsons report was of absolutely no value and the adherents would be compelled to pay for it individually, if the commissioners had anything to do with it.

## EDMONTON'S STOCK SHOW IS SUCCESS IN EVERY RESPECT

Display a Revelation to Those Who  
Who Had Faint Idea of Possibilities  
of Raising Horses in This Wonder-  
ful Country

Some very good prices were realized at the bull sale today in connection with the spring stock show this morning and the directors are well pleased with the success of the affair. The highest price realized was for J. H. Melch's "Burgomaster," sold to Thos. Wait, of Vegreville, for \$155. Other sales were as follows:

"Prince Albert," owned by Fred Hargreaves, sold to Swift Canadian Co. for \$90.

"Harvey," owned by G. H. Gresswell, sold to Shaw Bros. News- in, for \$51; "Thomas," owned by Mellick, of Edmonton, sold to McNamee, Vegreville, \$125; "Monarch," owned by Mellick, sold to Kelly of Rae, \$130; "Hazel," owned by W. H. Hargreaves, Edmonton, sold to J. McLean, Hatterburg, \$112; "Captain," owned by Galleys, sold to G. Ries, Spruce Grove, \$57; "Sax on Knight," owned by Galleys, sold to Logan, Egg Lake, for \$60; "Albert Junior," owned by Gresswell, sold to Swift Canadian Co. for \$85; "Alberta Healed," owned by Oswald Palmer, La-combe, sold to T. Lewis, Athabasca, \$83; "King Albert," owned by Gresswell, sold to Shaw, Edmonton, \$51; "Prince Albert," owned by Gresswell, sold to Shaw for \$65; "Humbug," owned by McClure, Innisfail, sold to P. Lewis, \$115; "Blackburn," owned by McClure, sold to J. L. Gibbon, Louis-ville, \$78; "Belle," owned by Mellick, sold to Swift Canadian Co. for \$100.

in, for \$51; "Thomas," owned by Mellick, of Edmonton, sold to McNamee, Vegreville, \$125; "Monarch," owned by Mellick, sold to Kelly of Rae, \$130; "Hazel," owned by W. H. Lewis, \$115; "Blackburn," owned by McClure, sold to J. L. Gibbon, Louis-ville, \$78; "Belle," owned by Mellick, sold to Swift Canadian Co. for \$100.

## CAPITALIST ADVISES CIVIC OWNED PLANT

F.W. Freese Says It Is Best For The City  
Although He Is Promoting Arti-  
ficial Gas Franchise

F. W. Freese, a capitalist from Port Wayne, Indiana, who came to this city several days ago for the purpose of bidding for a franchise to supply the citizens with artificial gas, this morning held a long consultation with Mayor Armstrong this morning. During the course of his interview Mr. Freese inquired as to how much money the city allotted for the installation of a municipal plant. "Were I to bid for a franchise," said Mr. Freese, "I would be on a basis of \$1.00 cent gas but if this city can borrow the money without jeopardizing the financial standing I would advise the

installation of a civic owned plant."

Mr. Freese went on to point out that if a private company can supply gas at a certain figure, and still make a profit, why was the city to be more or less prohibited by a municipality from operating a plant and giving the citizens the benefit in the form of cheaper gas.

"I can see nothing to prevent the city from installing an artificial gas plant and making a success of it," said Mr. Freese. "With a municipal plant the city would have complete control whereas with a corporation there is always bound to be more or less friction. In addition the money which would go to the company in the form of profit would be given to the consumer in the form of cheaper gas."

(Continued on Page Two.)

## ENGLISH LAND CO. TO OPERATE HERE

Anglo-Canadian Co. of London  
Send Notice of Registration—  
Capitalized at Over Million.

A new land company with extensive English capital behind it is preparing to operate in Alberta, with headquarters in Edmonton.

The provincial secretary's department received notice this morning that the Anglo-Canadian Land Company, with headquarters in London, Eng., are desirous of registering in the province. The company is capitalized at \$1,000,000, and has extensive holdings in the west.

## Try This Pile Cure

IT IS ABSOLUTELY FREE

Pile sufferers may know to a certainty they can get instant relief and a quick permanent cure by trying this free method. Simply send your name and address to the Pyramid Pile Cure Co., 288 Pyramid Bldg., Marshall, Mich., and they will mail you a free trial package of Pyramid Pile Cure in plain wrapper and sealed. This will tell the truth. There will be no more doubt, no more misery, no more piles. If a bad case goes to any drug store and for 50 cents get the regular 50-cent package of Pyramid Pile Cure and be sure you get what you ask for. This will be the worst, least of all varieties of piles and leave you free, active, contented and happy.

It is a remarkable remedy. Thousands who were destined for hospital beds saved themselves by the timely notice that Pyramid Pile Cure does the work. It is so simple that how pain disappears, how swollen proctitis vanishes, how internal swelling is reduced, how bleeding and itching stop instantly. One of the most important things in life is to know just what to do in an emergency. And in piles the thing to know is that Pyramid Pile Cure brings quick relief, a permanent cure and you can prove it free. Write today for free package.

### COLLEGES IN TRIANGULAR DEBATE

Baltimore, Md., April 27.—Arrangements have been concluded for the holding tomorrow evening of the annual intercollegiate debate of the triangular league composed of Johns Hopkins University, Gettysburg College and Washington and Lee University. The question to be discussed is "Resolved, That the present distribution of powers between the Federal and state governments should be revised in pursuance of a general policy of further centralization." Each institution will be represented by two teams, one to debate at home and the other abroad.

### FOUNDER'S DAY AT CARNEGIE

Pittsburgh, Pa., April 27.—Interested exercises attended the annual celebration of Founder's day at the Carnegie Technical Schools today. Andrew Carnegie, founder of the institution, was present as the guest of honor and President A. Lawrence Lowell, of Harvard University, was the principal speaker.

### SUNSTAR, WINNER OF CLASSIC RACE ON NEWMARKET TRACK

Newmarket, Eng., April 27.—The Two Thousand Guineas, the first of the classic races, one mile, was won yesterday by J. B. Joel's Sun Star, by S. M. Dring. The same owner's 1½-year-old colt, Sun Star, won the 1924 St. Leger. The winner was named Sunstar. Also ran included Sydmon, Clonburn, Gillian, Runymede, Glen Mask, Second Sauter, Seilini, Marella, Pietri, Santos and Lombard. The field thus numbered fourteen. The winner was trained by Morton and ridden by Walter Griggs.

## F. C. LOWES & Co.

REAL ESTATE INSURANCE MONEY TO LOAN  
Phone 4064 28 Jasper East.

### TO INVESTIGATE THE TELEGRAPH COMPANIES

Toronto, April 27.—On the complaint of the Winnipeg Board of Trade, the railway commission will make enquiry into the tolls, rates and terms of all the telegraph companies operating in Canada. Notices were recently served on all the telegraph companies to submit the statement to the government representatives. When the case was called yesterday, the board was informed that the statements had been submitted. I. P. Hellmuth, K. C., acting for the telegraph company, said that his clients had not had time to push the statements, and an adjournment was granted until next Wednesday.

### PHYTHIANS MEET IN CONCLAVE

Arlington, Texas, April 27.—A week of unusual interest and activity in Pythian circles was inaugurated yesterday with the assembling of the grand lodge convention of the Texas Knights of Pythian. The day was devoted chiefly to the welcome and entertainment of the visitors, the programme including a 150-mile automobile ride and a public reception. The Grand Lodge will begin its business sessions today.

### SPANISH WAR VETERANS' REUNION

Lincoln, Neb., April 27.—The United Spanish War Veterans, Department of Nebraska, opened its annual convention and reunion here today with a good attendance. The programme of the gathering covers two days and provides for several features of entertainment.

William A. Peffer, who has resided in Washington since his retirement from the senate in 1897, has returned to Kansas to spend the remainder of his days.

United States Senator Swanson, of Virginia, secured an education by saving his earnings as a farm hand and a clerk in a grocery store.

The South Carolina Republican executive committee has passed resolutions endorsing Pres. Taft and pledging the state's eight delegates to his re-election.

United States Senator O'Gorman, Charles F. Murphy, Governor Dix and Norman E. Mack, chairman of the Democratic national committee, are said to be slated by Tammany as the four delegates-at-large from New York to the next national Democratic convention.

Governor Wilson, of New Jersey, is to speak at a dinner to be given in New York by the National Democratic club in honor of Senator O'Gorman.

## INTERURBAN BRIDGE IS TO BE NEUTRAL GROUND

FOR TRAVEL ON THE RADIAL RAILWAY ACCORDING TO DECISION OF EDMONTON CITY COMMISSIONERS.—NO EXTRA FARE DEMANDED.

### Single Fare Concessions Made.

Strathcona, April 27.—In compliance to an urgent request made by the Strathcona council some weeks ago the Edmonton city commissioners have decided to make the inter-urban bridge neutral ground for travel on the radial railway. This important concession, which will come into effect next Saturday, April 29th, will be appreciated by the travelling public generally and by Strathcona residents in particular. By this arrangement the passengers boarding cars on the south side of the bridge for the single fare to the north end of the bridge and vice versa, the system at present in vogue demanding the payment of an extra fare across the bridge when going north. The announcement of the single fare concession was read in council here Tuesday night in a communication from the Edmonton commissioners and it was hailed with hurrahs by the usually silent city fathers. The Edmonton authorities expressed their willingness some time since to make a single fare applicable to north-bound traffic but Mayor Davies held out for establishing the bridge as neutral ground, which has now been granted.

### Ward Two Residents Want New Street

Strathcona, April 27.—The residents of the city's new exhibition grounds there happens to be located on street, thanks to a mistake in the survey of the subdivision adjoining the park on that side. Hence a large number of lots about on the park fence with their rear and side fences protested against by practically all the property owners concerned. At last night's council a number of interested residents from that ward were on hand to air their grievances and the discussion on the case prolonged materially what promised to be a short sitting.

Messrs. Skelton and Bard spoke for the deputation and endeavored at some length to impress upon the council the necessity for a road along the west side of the park, it being proposed that the city grant a portion of the vacant exhibition grounds for the use of a street.

In this connection the joint committee of the market and parks and the public works committee reported that the auditor found that the terms of the purchase agreement made with the late owners forbids absolutely the disposal of any part of the grounds for anything other than park purposes. Consequently the street could not be given off the land without a public buy-out.

### law having been ratified to this effect.

Before council adjourned the matter was brought up again and although the Edmonton city commissioners have decided to make the inter-urban bridge neutral ground for travel on the radial railway, this important concession, which will come into effect next Saturday, April 29th, will be appreciated by the travelling public generally and by Strathcona residents in particular.

By this arrangement the passengers boarding cars on the south side of the bridge for the single fare to the north end of the bridge and vice versa, the system at present in vogue demanding the payment of an extra fare across the bridge when going north. The announcement of the single fare concession was read in council here Tuesday night in a communication from the Edmonton commissioners and it was hailed with hurrahs by the usually silent city fathers. The Edmonton authorities expressed their willingness some time since to make a single fare applicable to north-bound traffic but Mayor Davies held out for establishing the bridge as neutral ground, which has now been granted.

### Metropolitan Light Railway "Y."

A request from the Edmonton radial railway officials that they be given permission to install a "Y" on which they can handle the new single cars shortly to be operated on the system took the council into committee Tuesday night. The "Y" would allow the installation on Sixth street west near the present car barns. A petition of 149 names was read from residents east of Mill Creek who are anxious for an extension of the street railway into that section of town for property and business. The petition was read by Ald. Vogel. The petition was tabled.

A communication regarding the opening up of streets in the Martin ward was referred to public works committee.

### City Electrician Resigns

The resignation of city electrician S. T. Kelly was read and power was given the fire and light committee to act in the matter which might necessitate the securing of a new man for the position.

### Electric Light Report

Chairman Richards of the fire and light committee gave a report for that department for the three months ending April 1st. The total supply for the quarter for the light and power divisions amounted to \$11,285.39, which, with the balance to hand at the first of the year brought the figures up to \$17,757.12.

The receipts of the quarter reached \$14,277.19 and of this amount only about \$1,232.56 is outstanding amongst private individuals and customers. The report, which if adopted, spoke further of the light and power divisions of the city and the number of users of light and motor power.

### Radial Railway Extensions.

Ald. Hanson moved and it was carried that the industrial committee with the addition of Ald. Pollard and Loughlin make up with the city of Edmonton the matter of street railway extension in Strathcona during the present year. It was thought since there are a large number of requests being made for these extensions that a committee should meet the radial authorities without loss of time.

The auditor's report was again laid over for another week.

A report from the board of health announced that Geo. Johnson had been appointed as sanitary inspector at a salary of \$60 per month to fill the vacancy caused by the resignation of A. McKewen.

The board further reported that citizens may have the galvanizing shop barrels hereafter for each day. Mr. Davies explained that this was only about the actual cost price but since the barrels are in stock it appeared advisable to get the people to take them if possible. "We want to make the city clean," said Mr. Wardship, "and we will do this if the people will only meet us half way and help the work along." Both the reports were adopted.

### Will Erect Pavilion

Ald. Tipton reported recommending the acceptance of a tender from Geo. Howe for the erection of a large pavilion in Riverside park this year, providing the necessary security was given.

Ald. Tipton introduced a resolution expressing the council's regret at losing the services of Miss Dickson as matron of the city hospital, while wishing her every success in any other avocation she may engage in. This resolution was heartily endorsed.

Ald. Tipton also brought up the question of a sub-division to be made by Mrs. Dowling of her property on the Dowling road. It was the intention to have an existing 16-foot lane to a 10-foot street. It was held by some of the members that this failed to meet the requirements of the charter which calls for 66-foot streets but since the intent was to enlarge a lane, the council agreed that the subdivision might be approved.

All the members were on hand at this meeting of the council and adjournment was made at 10:30 o'clock to Thursday evening at eight.

### POLITICS AND POLITICIANS

Mrs. Pauline Newman is the Socialist candidate for city commissioner of Philadelphia.

Milwaukee will make an effort to secure the national Prohibition convention of 1912.

The city government of Hartford, Conn., is wholly Democratic for the first time in thirty years.

### THE EDITOR'S SNAP

Bob Lowery, of the Greenwood Lodge, has the following: Every once in a while some cheerful individual remarks to me: "Well, now that the paper is out, I suppose you can take it easy for three or four days." Yes, how delightful it is that a country editor has nothing to do between press days. Business runs along automatically. When paper bills come due money drops off the trees with which to pay them. Subscribers vie with each other to see who can pay the farthest in advance. Advertisers beg for additional space. And the way the news hunts up the editor is also pleasant to contemplate. There is something strange about the way the news items act. When the paper is out the editor says good-bye to his easy chair and looks wise and waits for next week's press day. The day before press day the people line up in front of the office door and then they file past the desk and tell him all the news of the week. He writes it up in fifteen or twenty minutes, takes it back and hangs it on a hook. The copy posters take the copy and shake it over the type cases, say a few mystic words, the type flies into place, and after a few passes by the foreman the

forms are ready for the press and the editor goes down and deposits some more money in the bank. It is the greatest snap in the calendar. Now if the editor could only do away with press day his job would be complete.

If there's a new thing out in your neighborhood, you'll be sure to find it in the **Kelly & Store's**.

### COLLEGE ORATORICAL CONTEST

Greenwood, S. C., April 28.—College orators accompanied by large student delegations rounded up at Lander College here today for the annual contest of the South Carolina Intercollegiate Oratorical Association. The institutions represented include the University of South Carolina, Citadel College, Furman University, Clemson College, Winthrop College, Newberry College, Erskine College, Charleston College, and the Presbyterian College of South Carolina.

### Dr. de Van's Female Pills

## Oliver First; The Liberal Party An Afterthought

The attempt of the Oliver faction to form an association which is obviously not a Liberal association, but an Oliver association— which proposes to endorse Oliver first and the Liberal government afterward—is the kind of political action that leads to disruption and chaos.

Either the Liberal association as it stood was in favor of endorsing Frank Oliver or it was not. If it was in favor of endorsing him, the bolters had no call to leave the councils of their party. If it was not in favor of endorsing him, they cannot now claim to belong to a party with whose majority they refuse to coincide, and their action in undertaking to form a new association under the same name brands them as bolters.

If the Oliver Bulletin, its employees, relations and friends want to organize an Oliver association, they of course have that inalienable right. But before the Oliver organ commences to throw mud at the energetic young men and at the association which worked so strenuously in his behalf, one of the first things Oliver should do is to step around and reimburse them for a matter of \$500 of election expenses which they laid out in his behalf and which he has so far refused to refund.

## No Principle Involved But Still Interesting

After holding up the orders for city machinery for months, Commissioner Bouillon now discovers that unless he orders high pressure turbines that he cannot get any in time for the heavy load next winter.

In coming to this conclusion, Mr. Bouillon agreed with Engineer Parsons.

There is no principle involved in this, but it is worthy of note that it is after the council has, by the process of laying the money bylaws on the table, tacitly informed him that he no longer trust his wisdom as a purchasing agent, that Mr. Bouillon arrives at the conclusion which coincides with all the others who have expressed an opinion.

## Michener Talks Foolishness To The Farmers

Michener, of Red Deer, who is alleged to be leader of the Conservative party in the province, is out with a declaration to the effect that as only 30 per cent. of the expenditures of the province are through the agriculture department, the farmers are not receiving the attention they deserve. He suggests that the proportion should be 70 per cent. of the expenditure in the interests of the farmer and the balance on all other counts.

As a matter of fact, what Michener asks is already true—although Michener does not know it.

The spending departments of the province of Alberta are the agriculture department and the public works department. Alberta makes a larger proportionate expenditure through the agriculture department than any other province in the dominion, and possibly than any other country in the world, not even excepting Denmark. But in Alberta the agriculture department is not the only department through which expenditures in the interests of the farmer are made. In the public works department by far the larger proportion of the expenditure is for the benefit of the farmer. Practically the only items on the list are public buildings, roads and bridges and telephones. The farmer is almost the sole beneficiary of the roads and bridges and he is benefitted greatly by the telephones. This leaves the item of public buildings, the use of which are as much open to the farmer as to anyone else.

As a critic, Michener is still in the kerosene circuit. His attempt to show that the farmer is being overlooked in this province does not prove anything except that Michener does not know what he is talking about.

## JUST PARAGRAPHS

The Bulletin says that the old Liberal association is defunct. Which goes to show that the Bulletin cannot distinguish between the organization and some of the officers thereof.

It certainly was a cruel and uncalled for hardship on the chief of put that flying exhibition on right at the time when his presence is going to be required at the court room.

While this fine chocolate clay which comes through the pipes may not be a very high recommend to the civic management, and not much of an appetizer to water users, it is an ever-present advertisement to the richness of the soil on the banks of the majestic Saskatchewan. In fact, real estate men are commencing to exhibit samples of the water as an indication of what a wonderful wealth the Edmonton country has in its alluvial deposit—not all of which comes through the pipes.

## "THIS DATE IN HISTORY"

April 27.

1610—Patrol for Newfoundland given to Earl Northampton.  
1797—Robert Prescott, appointed Governor of Canada.

1806—Maria Christina, Queen Dowager of Spain, born. Died August 21, 1878.

1813—Gen. Zebulon M. Pike, who explored the western portion of the American continent, killed in assault on Tularosa. Born in Lamberston, N. J., in 1779.

1822—Gen. Ulysses S. Grant, tenth president of the U. S., born in Point Pleasant, O. Died in Mt. McGregor, N. Y., July 23, 1885.

1861—Gen. Benjamin F. Butler assigned to command the department of Annapolis.

1873—William Charles Macready, famous actor, died. Born March 3, 1793.

1875—Cardinal McCloskey invested with the heretic in St. Patrick's Cathedral, New York.

1876—Queen Victoria declared Empress of India.

1892—President Harrison laid the cornerstone of the Grant memorial in New York City.

1910—Juan Vicente Gomez elected President of Venezuela.

### UTILITIES COMMISSIONER NOW FAVORS PURCHASE OF TURBINE

(Continued from Page One.)

falling to agree on this point that the council suggested that the two parties get together, talk over the question, and the commissioners submit a report at the meeting this evening.

Yesterday afternoon Commissioner Bouillon stated that the city would be compelled to order a high pressure plant, the one which he had opposed all along, owing to the fact that the manufacturing concerns could not deliver a mixed pressure plant within the time specified by the city.

Inquiry at the city hall this morning revealed the fact that on the second of March the commissioners opened tenders for power machinery. The earliest possible time at which the companies would guarantee to deliver a mixed pressure plant was nine and one-half months, which, if the contract had been awarded on that date, would have meant that it would have been in the hands of next December before the turbine could be delivered to the city. The process of erecting the machinery which it now has to meet the demand all this coming winter.

The commissioner this morning admitted that the tenders had been received the second of March. He also knew that no manufacturing company would deliver the type of machinery which he preferred until after the city had been tied up through lack of power for six months. As to why they had not made arrangements to order a high pressure turbine over a month ago, the commissioners this morning had no excuse to offer.

Speaking to a Capital man this morning, an agent for one of the largest manufacturing firms on the continent, stated that there was not a mixed pressure plant in use in Canada today, and there are very few of them on the continent. "There is little demand for machines of that type," he said. "They have to be built to conform to the conditions existing in the plant for which they are intended. We manufacture a mixed pressure machine, but I certainly would never advise this city to purchase one."

The chief fight between the commissioners and the council has been,

## Thirteen Roomed House

not as to who was to order the machinery, but who was to decide whether it was the best type procurable for the money required. Commissioner Bouillon held out for the mixed pressure type up until yesterday afternoon. Ex-Superintendent McNaughton, ex-Superintendent Brewster and Superintendent Hoffman, of the power plant, have already recommended the installation of high pressure machines. On Friday last the commissioner explained the advantages of the mixed pressure system and unqualifiedly announced that he would recommend the purchase of that type of machine. He did not want an expert's advice and would in no way consider the Parsons report. As things stood at noon today, the commissioner had decided to recommend the high pressure machine. He had gone thoroughly into the Parsons report and accepted many of the suggestions contained therein.

"It was just against such a contingency that we employed an expert," said an alderman this morning. "We know nothing of machinery and do not want to spend the people's money for a 'white elephant' such as the gas plant has proved to be. Commissioner Bouillon urged a mixed pressure plant, but there was no one in the city who knew anything about them. Now the commissioner comes out and admits that it would have been impossible to secure that type of machinery in time to have been of any use to the city. The council must be guided by those in charge of the different departments, but it is essential that those in charge should know what they are talking about, and not change their minds every fifteen minutes."

Should the city decide to install a high pressure turbine, it would be the first of August before the engine could be laid down here, and after that would come the installation. The question now being asked by business men of the city is: "Who will be responsible in case the city is short of power again this winter?"

### "THIS IS MY BIRTHDAY"

Hon. Archibald Campbell, a prominent member of the Senate of Canada, was born in Kent, Ontario, April 27, 1854, and was educated in the schools of his native town. After leaving school he entered mercantile life, and in the course of time attained prominence and wealth as a merchant miller. He was a successful candidate for a seat in the Dominion House of Commons in 1887 and was several times re-elected. He resided his and in the house in 1907 and in the same year was called in the Senate. During his long career in Parliament he rendered valuable services, particularly while serving as chairman of important banking and commerce committee and later of the railway committee of the house of commons.

**HOLDS MEETING IN HOUSTON**  
Houston, Texas, April 27.—Many of the chief cities of Texas and neighboring states were represented here today at the opening of the seventh annual convention of the Southwestern Electrical and Gas Association. President W. B. Tuttle presided at the opening session this morning and Mayor Hoot of Houston delivered an address of welcome. An electrical show held in conjunction with the convention was opened this afternoon. The gathering will remain in session until Saturday.

## WOULD OPEN THE PROCEEDINGS TO PRESS

London, April 27.—It is understood that delegates to the imperial conference will hold an informal meeting to decide whether they shall accept their expenses from the imperial government. A strong stand will likely be taken in favor of the proceedings being open to the press.

# WARDEN MACAULAY MAKES A SENSATIONAL ADDRESS

(Continued from Page One.)

of good hard fighting for Edmonton's rights was not passed, and Mr. Macaulay said that as in the past the best people in the city had fought for the rights of the city, so in the future if the great north trade that belonged to right to this city was to be maintained the time to fight for it was when designing people were endeavoring to take it away.

The warden had a little time to devote to the C. & E. bunch and the C. P. R. in its palmy days, but he was too busy with his fight talks to do the railway freight charges justice.

Mr. Macaulay's peroration on the future and prospects was one of the best boasts that this city has ever heard and it is a pity that half the city did not hear it, and even yet the board of trade or some similar body would do well to let Warden Macaulay write the prospectus for the next leaflet that is to be issued.

It is probable that Mr. Macaulay will be asked to repeat his address by the same association.

## APRIL RECORD IN HOMELESSNESS

Nida Johnson Young has written a new comedy in which Helen Lovell, who made such a remarkable hit as the old maid in "The Lottery Man," will have a leading part.

The stock company season is said to be more prosperous than ever. One hundred and seventy-nine companies will be playing in and about New England, it is expected.

land this spring. The 800 entries granted this month, represents of a fair estimate, a new population to the extent of over 2000 people.

**More Excursions Coming**  
Publicity Commissioners Telchies expects to receive word this week, of another excursion which will leave Montreal shortly. This will bring 200 or 300 people. The arrangements have been made for the excursion of 200 to leave Michigan on May 9th.

## ATTEMPT TO WRECK VANCOUVER BUILDING YESTERDAY FAILS

Vancouver, April 27.—A powder explosion, believed by the police to be an attempt to wreck a four story building now in course of construction at the corner of Smythe and Seymour streets, occurred at 12.20 o'clock yesterday morning. No very serious damage was done beyond the shattering of floors and walls of the building and breaking of windows in the neighborhood. It is believed the explosion was the result of a plot and that only through lack of knowledge of the explosive used did the building and the neighborhood escape as easily as they did.

Lee Arthur's play, "The Fox," which has had a trial performance in a stock company in the west, is to be produced shortly in Chicago. In the cast will be Orme Caldra, Helene Lockey, Ralph Delmore, John Westley and Violet Hamming.

William Gillite, the actor, is the son of a clergyman. His only brother is a farmer in Kansas.

## SPECIAL NOTICE

# MICHAEL ELMAN CONCERT

WITH THE object of filling the McDougall Auditorium to its capacity to hear Michael Elman, the celebrated Russian Violinist, who has been filling the largest Concert Halls both in the United States and Canada on his present tour, and known throughout both Continents as "The Violinist of the Heavenly Tone," Mr. Suckling has decided (in the case of this concert only) to adopt the novel experiment of giving a single bonus ticket to all purchasers of seats at the Michael Elman Ticket Office at Harmony Hall, 237-39 Rice Street, when a purchase is made of regular reserved seat tickets either at \$2 or \$1. Mr. Suckling hopes that this bonus ticket offer will lead to the desired result, of a larger attendance of our musical people and their appreciation of the best quality of music the world provides.

# COAL MINERS AND OPERATORS CONFER

Through Conciliation Board Effort Will Be Made to Adjust Differences.

Lethbridge, April 27.—The members of the Western Coal Operators Association, who stopped at MacLeod to hold a conference before coming to Lethbridge, after completing their arrangements for the meeting with the conciliation board, arrived in the city Tuesday night. The full membership is present as follows:

L. Stockett Hosmer, president; and managers, O. W. Whiteside, International Coal and Coke Company, Colman; A. H. Muller, Canadian Consolidated Coal, Frank; Jas. Finlay, manager Maple Leaf, Blairmore; Geo. Smith, manager Gorbin Coal and Coke Co., Corbin; W. L. Hamilton, manager Lethbridge Collieries, Passburg; R. W. Condit, manager, West Canadian Coal and Coke company, Blairmore; W. F. McNeill, manager, Cammuro Coal Company, Calgary; H. H. G. manager, Royal Collieries, Lethbridge; Mr. Hardy, manager, Diamond Mines, Diamond City; P. L. Naismith, manager, A. B. and L. Lethbridge, and W. H. Wilson, manager, Crow's Nest Pass Coal company, Fernie.

The first meeting of the board at which all parties were represented is now being held at a room at the new court house, at which the general situation is being gone over in order that the work to do in May be outlined, the matter of conciliation discussed with a view if possible of getting the parties to mutually agree. Failing in this, the scope to which the inquiry is to be extended will occupy the attention of the board.

# SEEDING SO FAR SHOWS UP WELL

Winter Wheat in Alberta Reported to Be In Excellent Condition.

Winnipeg, April 27.—The C. P. R. weekly crop report shows that from ten to seventy-five per cent, of seedling has been done according to locality. Good progress has been made all along the line in southern Manitoba. In the Red River, Portage and western districts little more than a good start has been made. Fifteen to twenty per cent, has been done in Moose Jaw district with a higher percentage at Swift Current. In Saskatchewan and Battle River districts twenty to thirty per cent, has been done.

In Alberta a fair start has been made in the Edmonton district and work is more forward as one goes south, culminating in seventy to eighty per cent of seeding completed in the MacLeod district. On the MacLeod, Lethbridge and Crow's Nest subdivisions seeding done before the recent snow fall is now showing up well, but this is only a small percentage.

Winter wheat throughout all Alberta is reported to have never been in better shape. Very little winter killing and farmers are very hopeful of a good crop provided they get plenty of rain during the next six weeks.

## IN MEMORY OF GRANT

Galesia, Ill., April 27.—In accordance with the question established years ago this city today paid tribute to the memory of its most illustrious son, Gen. U. S. Grant, on the occasion of his eighty-ninth anniversary of his birth. Large delegations of visitors from surrounding towns attended the exercises in Grant Park, where stands the fine monument to the warrior, presented by H. H. Kohlsaat, of Chicago, twenty years ago. The oration of the day was delivered by Bishop J. H. Vincent, of New York.

## REUNION OF SULTANA SURVIVORS

Weston, O., April 27.—A handful of civil war veterans who were among the survivors of the Sultana disaster gathered here today in annual reunion. It was forty-six years ago today that the steamer Sultana, bound from New Orleans for St. Louis, loaded with Union soldiers returning home after having been paroled from Confederate prisons, was destroyed soon after leaving Memphis by the explosion of her boilers. Of the 2,200 persons on board only about 300 were saved.

# FIGHT IS BITTER ON RECIPROCITY

Conservatives Hold Caucus—Decide to Oppose Pact to the End.

Ottawa, April 27.—Conservatives were in caucus yesterday. An announcement was made at the adjournment by H. L. Borden to the effect that the party will not trace with the government on the reciprocity question. Borden's declaration was met with approval and gravely effects its relations to the empire. It was further stated the opposition proposes to take the matter to the end. This doubtless means that a house will sit until late in June or perhaps till midsummer and that Sir Wilfrid Laurier will name one or two of his colleagues to represent him at the Imperial conference which opens in May.

The Liberals will meet in caucus this afternoon when the ministerial statement will be forthcoming. It was stated after yesterday's caucus that the conservative members from the west reported that the feeling is strong up against reciprocity. Hon. W. J. Bowser and Hon. W. R. Ross, British Columbia, attend the conservative and made speeches.

## WESTMINSTER GAZETTE DISCUSSES EDUCATION IN THE COLONIES

London, April 27.—The Westminster Gazette, in discussing the Imperial educational conference, says "Edith Walter Hume, president of the board of education, might well express his envy at the freer atmosphere in which the education affairs move in the colonies. There are no vested interests to deal with as there are at the centre of affairs, nor has any new system been granted on one which is old and exceedingly tenacious of its position. The fact that the outlying portions of the empire face their educational problems from a new standpoint, that they approach them with a free hand and unprejudiced mind makes the attitudes of the educational conference of real educational value."

## CORONATION CONTINGENT WILL CONCENTRATE FOR A SEVEN DAYS' DRILL

Ottawa, April 27.—A militia order issued yesterday morning announces that the coronation contingent will concentrate for seven days' drill and instruction at the armory of the service to which they belong, and for three days at Quebec prior to embarkation for England, as follows: Cavalry, including corps of guides from Winnipeg and all points west of there, at Winnipeg, commencing May 20th. From Western Ontario and all points in immediate vicinity of Toronto, at Toronto, commencing May 22nd. From points east of Toronto, at St. Jean, P. Q., commencing May 22nd. Artillery horse at Kingston, commencing May 22nd. Field at Kingston, commencing May 22nd. Garrison at Quebec, commencing May 23rd. Infantry and all other dismounted branches of the service, at Quebec, commencing May 23rd.

A new musical comedy which has been named "The Girl of My Home Town," will be produced in Chicago this spring.

# ASBESTOS MINING VERY IMPORTANT

Production in Canada Exceeds That of Any Other Country

Canada produces 82 per cent, of the world's supply of asbestos. The companies operating asbestos quarries and factories in the Dominion are capitalized at \$21,200,000. In 1880 only 380 tons of asbestos were produced, valued at \$21,700; whereas in 1909, the production amounted to 63,300 tons, valued at \$2,300,000. In 1909, 3000 men were employed in the asbestos industry, and received wages amounting to \$1,350,000. These facts and much valuable technical information of practical value to the general public are contained in a finely printed and well illustrated volume, of 316 pages, just issued by the Mines Branch of the Department of Mines, Ottawa. This valuable addition to the series of monographs being issued under the direction of Dr. Hansel, was written by Fritz Girkel, M. E., and treats the subject of asbestos from every viewpoint, history, geology, peculiarities of Canadian occurrences, quarrying and milling, together with statistics, cost of extraction, its occurrence in foreign countries, and its practical application in the arts and manufactures. To give an idea of the enormous reserves in some of the asbestos deposits, Mr. Girkel mentions the case of one, the Black Lake quarries, Quebec, where there are some 45,000,000 tons of asbestos rock in sight. The author goes fully into the discussion of foreign asbestos occurrences, and considers Russia the only real rival as regards extent of asbestos resources. But inasmuch as the Russians are heavily handicapped by the excessive cost of transportation—\$35 to \$40 per ton to London—serious competition is not feared in the leading markets of the world. Dealing with the practical application of asbestos, Mr. Girkel lays special emphasis on the prospective increased use of asbestos in the manufacture of slate. He says on page 246:

"It will not be long before the asbestos slate or single business, which is just commencing to be felt, will push its way here and more to the front. Indeed, it is not too much to say that the time is not far distant when fully 75 per cent. of all asbestos produced in the world will be used in the manufacture of asbestos slate and shingles. The asbestos slate business is only four years old, but during that short space of time the demand for this article has increased to such an extent that factories for this purpose are being established all over the world."

The report covers over three hundred pages, contains 66 photo-engravings, 88 drawings, and two maps of the Quebec asbestos district. It is one of the handsomest, practical, technical reports that has been issued by the Dominion government.

# The Best Buy On The Market

A bunch of lots at \$20.00 per lot below prevailing market. Investigate and be convinced.

Five lots in Block 18 and three lots in Block 19, in North Delton, at .... \$105  
Half Cash; Bal. 6, 12 and 18 months at 8 per cent.

# The Mechanics Construction Co. Limited

Phone 1971. 542 First St.  
Opposite Alberta College

# BUENA VISTA

THE demand for this property has been such that the company have decided to place the balance of this beautiful subdivision on the market.

# Your Opportunity Is Now

Situated as this property is, it should appeal to the business man for a select home site. Four or more lots will make an enviable home, an investment unequalled in any part of town. By consulting a map of the Twin Cities, you will see that Whyte Avenue will undoubtedly cross the river, thus forming another main thoroughfare leading direct to this beautiful Residential Property. Inside the city limits of Edmonton, within three-mile circle. Beautiful Laurier Park on two sides and with River frontage.

Price of Lots  
**\$150 to \$350**

One-third Cash; Balance 1 and 2 years, at 7 per cent., or 6 and 12 months with no interest.  
We can take you to see the Property any time.

# Campbell Furniture Co.

# Empire Block

WE are sometimes asked why our store is always busy and why our floors are arranged every few days with **New Goods**. The reply is very simple—because

Ours is truly Furniture of Quality and you can trust an Edmontonian to know a good thing when he sees it every time.

Hence New Goods to replace those sold.

## "Pneumonia"

## Pneumonia

Pneumonia is nothing more or less than "Lung Fever," or as it used to be called "Inflammation of the Lungs" and the results come entirely from a local source such as taking a violent cold.

There is more or less difficulty in breathing; a cough, at first dry, but soon accompanied by raising a thick, sticky, rust-colored matter, composed of a mixture of phlegm and blood.

There is only one way to prevent Pneumonia, and that is to cure the cold just as soon as it appears. Dr. Wood's Norway Pine Syrup will do this quickly and effectively.

Mrs. G. W. Bowman, Pattullo, Ont., writes: "Three years ago I caught a cold which ended in a severe attack of Pneumonia. Since that time, at the beginning of each winter, I seem to catch colds very easily. I have been so lame that I was unable to speak loud enough to be heard across the room. Last winter, however, a friend advised me to try Dr. Wood's Norway Pine Syrup, saying it had helped her. I bought a bottle and before it was used I was completely cured. I also find it a good medicine for the children when they have colds."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; three pence the trade mark; the price 25 cents.

Manufactured only by The T. Millars & Co., Limited, Toronto, Ont.

Joe Gosler vs. Patsy Kilne, 10 rounds, at Brooklyn, N. Y.

Dauber Jager vs. Freddie Andrews, 10 rounds at Pond du Lac, Wis.

**NOTED SHOTS IN TOURNEY**

Hutchinson, Kan., April 27.—Tom Marshall, Fred Gilbert, Dave Elliot and a number of other marksmen of national reputation are contesting in the twenty-second annual trap shooting tournament of the Kansas State Sportsmen's Association, which opened today on the grounds of the local gun club. The entry list is the best in the history of the association's tournaments. The programme covers three days and provides for 15- and 45-bird events each day in addition to a number of special events for both professional and amateur shots.

There is a feeling in lacrosse circles in the east that Shamrocks will be strong this year. Just how it should be no one can tell, but the belief grows that the Irishmen will be dangerous. And of course, they developed some good runners last year. But there were no Hodges or Brennan or Kavanaghs in the lot, and without some stars it is hard to see how a team is going to be great.

# REAL ESTATE BULLETIN

Jasper Avenue, Second Street and Namay Avenue North, were all in demand today for business purposes; also some warehouse sites.

In the residential districts, Ingwood was in strongest request, with Great Estate and H. B. Reserve, in West End, and north of track; while Norwood was principally enquired for the in the East End.

In houses, the West End of the H. B. Reserve and the Great Estate seem to have a monopoly of all desirable points in the estimation of lately-arrived home-seekers.

Our list is still full of good things in this line, and we still have a large number of eligible lots in the H. B. Reserve and Great Estate for those who may prefer building to suit their own requirements.

## ALBERTA PARK

We are daily showing and selling this desirable property and advise our clients to secure one or more good blocks for later subdivision or suburban homes.

There is nothing at its price in the vicinity.

## Today's Offerings Business Properties

An old established business stand on a 75-ft. corner on Jasper Avenue, with buildings ..... \$100,000  
50 feet on First Street, north of tracks;  
per foot ..... \$375

A lot on First Street, Blk. 4, Norwood, ..... \$2,000  
A double corner on Namay Avenue, Blk. 10, Norwood ..... \$2,000

## Residential Properties

A 7-roomed modern house on 13th Street, on full lot, north of Jasper;  
only ..... \$4,500

A 6-roomed modern house on 15th Street, north of Jasper, hot water heating ..... \$5,750

An 8-roomed house (modern except furnace) in Great Estate ..... \$3,725

A 9-roomed modern house on 13th Street, north of Jasper, well built and finished ..... \$7,000

A 14-roomed modern house on Clara St., near Kinistino Ave. .... \$7,000  
2 cottages on Ross St.; each ..... \$1,500

## Farm Lands

480 acres one-half-mile from Poe Station, on G. T. P. Ry.; per acre ..... \$16

160 acres, highly improved, near Vermilion, on C. N. R.; per acre ..... \$21

160 acres near Cooking Lake, good land; per acre ..... \$10

160 acres, 5 miles north of Stony Plain; only ..... \$1,400

## Scrap

South African Veteran Scrap entitles the holder to home-made 300 acres of land. We will supply on hand for immediate delivery at current prices.

## Loans

We also have a small lot of half-breed and Red River Vol. under Scrap, which does not require the performance of any homesteading duties.

## NO AUTHORITY TO HELI COMMITTEE

Finance Committee City Council Finds Cannot Grant \$8,000 for Coronation.

The finance committee of the city council, to whom the request of the coronation committee for a grant of \$8,000 was referred, has decided that the city council has no power to make a grant of this kind without first referring the question to the people in the form of a referendum money bill.

Speaking in the Capital this morning, T. M. Turnbull, one of the committee which approached the council on Tuesday night, stated that if a bylaw were submitted immediately those in charge would no doubt feel justified in going ahead with the project as there was little doubt but that the bylaw would pass. If no money was forthcoming from the city, it would be possible to finance the undertaking by circulating subscription lists.

The committee expects a definite answer from the council in session this evening, and if the result is not satisfactory, the committee on ways and means will immediately hold a meeting to see if there is any other way in which the project could be financed.

It is generally felt that plans have been carried out to such an extent now that it would be inadvisable to abandon the celebration, and that every possible means should be taken to avoid its being called off.

## NEWS OF THE CITY

Mrs. W. H. Gardner, 650 Fourth street, will not receive Friday of this week nor again this season.

### OLD FOLKS CONCERT

An old folks' concert will be given in the Norwood Methodist church on Friday evening, April 28th. Following is the programme under the direction of J. G. Jamieson:

Double Quartet: Hall, Snelling, Morn, Reclamation. Selected Miss McCullough.

Song: "Stars of a Summer Night." Selected Miss Bennett.

Quartet: "Stars of a Summer Night." Selected Miss Bennett.

Song: "Mr. and Mrs. Swaffield." Song: "Gone." Selected Miss McCullough.

Double Quartet: "Hush Thee, My Babe." Reclamation. Selected Miss McCullough.

Song: "The Simple Life." Selected Miss Waterman.

Song: "The Simple Life." Selected Miss Waterman.

Accompanist: Miss Waterman.

### WHERE IS GEORGE REES

The secretary of the Board of Trade is asked for information as to one George Rees who came to Edmonton last fall from Gilmour, Saskatchewan. This man called at the board of trade office on November 8th, and was directed by the secretary to a situation. He apparently left that same time ago, however, and at present his friends, particularly his mother, in the country are anxious about him, having had no word from him for six weeks past. Any information as to Mr. Rees whereabouts would be forwarded to his friends by the secretary of the board of trade.

### THE WEATHER

Winnipeg, April 27.—The weather throughout the prairie provinces has been for the most part fair and warm. There have been a few light scattered showers and it is raining a little this morning in the Swift Current district.

Forecast—Manitoba—Fair today, local showers tonight and on Friday. Saskatchewan—Cooler, local showers. Alberta—Wide and comparatively cool.

Kamloops, clear ..... 55  
Nelson, clear ..... 60  
Red Deer, cloudy ..... 58

The Hudson's Bay Co. are holding their last dance of the season in the Separate School hall, Monday next. Lynch's Orchestra of seven pieces will be in attendance. All those who have received invitations can be assured of a most enjoyable dance.

Light refreshments will be provided. Dancing 8.15 to 12 o'clock.

LIBERALS WILL STRIVE TO PASS RECIPROCITY PACT THIS SESSION

Ottawa, April 27.—The liberals were in caucus for a short time this morning and decided to make every possible effort to pass the reciprocity agreement through parliament this session. This practically means that Sir Wilfrid Laurier will not attend the imperial conference and if the right is prolonged into June the parliamentary delegation will not be able to attend the coronation of King George.

Should the government find it impossible to get agreement through the house by mid-summer an appeal to the country is probable.

Action brought by the G. T. P. Railway this morning against Walter Volter, a colored man who was charged with trespassing upon the company's property by breaking the seal of a car containing settlers' effects, and with the theft of articles from the car, was dismissed by Magistrate Cowan, in the city police court.

Atlanta, Ga., April 27.—Two special trains brought the members of the Metropolitan Grand Opera Company of New York to Atlanta today for a season of four performances under the auspices of the Atlanta Music Festival Association. The opera to be given are "The Girl of the Golden West," "Koenigsfinkler," "Trovatore," and "Giocosa." Geraldine Farrar, Louise Homer, Emmy Destinn, Carl Jara, Pasquale Amato and other famous stars of the Metropolitan company will be heard.

## PRESS FREE LIST BILL IN HOUSE

Measure Supplants Reapportionment Bill—Friction Between Regulars and Insurgents.

Washington, April 27.—Before adjournment today, the house of representatives expects to pass the reapportionment bill increasing its membership from 291 to 325. Chairman Underwood of the ways and means committee had planned to take the measure up yesterday, but was supplanted by the free list bill through the understanding that it would be taken on an open day.

Efforts to force the measure and favorable action are due to the fact that many state legislatures are nearing adjournment. No state under the new law in representation in the reapportionment merely fixing at approximately 212,000 the number of constituents entitled to one representative.

Following yesterday's series of caucuses among the regular and insurgent republicans in the senate intense was interest in the next move of insurgent senators, some of whom insist they were treated unfairly in the appointment of committees. It was thought the whole fight might be transferred to open floor of the senate later today.

## TO LOCATE NEW FOREST RESERVES

Parties Are to Be Sent Out Here From Ottawa to Look Over the Ground.

Ottawa, Ont., April 27.—With the object of determining what portion of Canada's vast forest wealth should be set aside as new government reserves, as has been done with the eastern slopes of the Rocky Mountains, parties will be sent out by the Forestry Department this summer to the Peace River country, British Columbia and parts of Manitoba and Saskatchewan.

A party will also leave about the end of the month for Hudson's Bay to inspect the timber along the line of the projected Hudson's Bay Railroad. In connection with the last named party a man was sent up this week to Lake Winnipeg from where a party will start to purchase supplies and make arrangements.

It will consist of half a dozen men who will go to Norway House by boat and take canoes to Split Lake and then work their way along the line of the road for ten miles on either side.

The department has had two rangers there all winter, who report that it was the hardest cold period in years, temperatures of 50 and 60 degrees below.

It is of much importance for the future of the railway for timber in that district, could fires be prevented, would be quite valuable.

The party to be sent to the Peace River country will be headed by D. R. Cameron and it is as the case with others which will go to Eastern Saskatchewan and Manitoba, will determine what portions of the country should be set aside as forest reserves.

The organization of the new Rocky Mountain reserve was begun. Mr. Edmondson of the Department, having left a few days ago to commence it.

Next seven Robert Edmondson will have the title part in "The Cave-Man," a play by Gilbert Burgess.

Edmondson, who has closed his successful season in "The Slim Princess," will have a short season in vaudeville.

Holbrook Blinn and Daris Keane have been engaged for the revival of "The Lights of London," by William A. Brady.

Charlotte Walker has been engaged by Delameter and Norris to star under their management for a period of several years.

PLAYS AND PLAYERS Beaulieu Poynter is to have a summer school season in Beaver. There Davidson has been engaged as a member of the same company.

Luella La Verne has completed a dramatization of "Ann Boyd," a tale of Georgia life, by Will N. Harben, and will appear herself in the play.

A new musical comedy completed by Walter Prevost and Alfred Huggins, called "Will-o-the-Wisp," is to be given its first production in Chicago soon.

The play which Blanche Ling will have to succeed her present one will have its book by Edgar Selwyn and his wife, Margaret Mayo, while the music will be by Otto Haerbach and Karl Hosenka.

Kyrle Bellwe will shortly close his season and will spend a month yachting along the Eastern coast. In June he will sail for England, and will return to America late in August, to begin another tour.

Next season a new musical play is to be produced, entitled "The Clairvoyant." The book is by Edward Peple, author of "The Prince Chap," and the music by Carl Moschka.

The Best Buy on First Street, north of the New Market, on the market for a short time only.
